<b>ACKNOWLEDGMENTS .....</b>	<b>v</b>
<b>WHY A CONFERENCE ON HURRICANE ISABEL? .....</b>	<b>vii</b>
<b>KEYNOTE ADDRESS.....</b>	<b>1</b>
Ecological Effects of a Recent Rise in Atlantic Hurricane Activity on North Carolina's Pamlico Sound System: Putting Hurricane Isabel in Perspective <i>H.W. Paerl, L.M. Valdes, B.L. Peierls, R.S. Weaver, T. Gallo, A.R. Joyner, and J.S. Ramus</i> .....	3
<b>HISTORY OF REGIONAL STORMS AND HURRICANES .....</b>	<b>19</b>
Storms: A Long Perspective from History <i>K. Mountford</i> .....	21
An Unprecedented Scientific Community Response to an Unprecedented Event: Tropical Storm Agnes and the Chesapeake Bay <i>M.P. Lynch</i> .....	29
<b>REGIONAL STORM AND HURRICANE MODELS, FORECASTS, AND PHYSICS .....</b>	<b>37</b>
Physical Response of Chesapeake Bay to Hurricanes Moving to the Wrong Side: Refining the Forecasts <i>W.C. Boicourt</i> .....	39
Isabel's Silent Partners: Seasonal and Secular Sea Level Change <i>J.D. Boon</i> .....	49
Physical Response of the York River Estuary to Hurricane Isabel <i>L.H. Brasseur, A.C. Trembanis, J.M. Brubaker, C.T. Friedrichs, T. Nelson, L.D. Wright, W. Reay, and L.W. Haas</i> .....	57
Oceanographic Factors and Erosion of the Outer Banks during Hurricane Isabel <i>T.R. Keen, C. Rowley, and J. Dikes</i> .....	65
Landscape Modifications by Hurricane Isabel, Fisherman Island, Virginia <i>T.R. Allen and G.F. Oertel</i> .....	73
Hurricane Isabel and Erosion of Chesapeake Bay Shorelines, Maryland <i>E.L. Hennessee and J.P. Halka</i> .....	81
Hurricane Isabel Storm Surge Simulation for Chesapeake Bay <i>L. Lin, M.A. Cialone, and G.P. Bass</i> .....	89
Utilizing a Mesoscale Model for Short-term Forecasting during Hurricane Isabel <i>J.A. Billet and P.F. Maloit</i> .....	99

Simulation of Hurricane Isabel Using the Advanced Circulation Model (ADCIRC) <i>J. Shen, W. Gong, and H. Wang</i> .....	107
What has been Learned about Storm Surge Dynamics from Hurricane Isabel Model Simulation? <i>H. Wang, J. Cho, J. Shen, and Y.P. Wang</i> .....	117
<b>ISABEL’S IMPACT ON WATER QUALITY AND LIVING RESOURCES</b> .....	127
Impact of Hurricane Isabel on the Water Properties of the Chesapeake Bay Area <i>R. Matarrese, E. Vermote, and M. Kearney</i> .....	129
Impacts of Tropical Cyclone Isabel on Shallow Water Quality of the York River Estuary <i>W.G. Reay and K.A. Moore</i> .....	135
Impacts of Hurricane Isabel on Maryland Water Quality and Living Resources <i>T.M. Trice, C. Heyer, B. Michael, B. Romano, P. Tango, and B. Cole</i> .....	145
The Influence of Hurricane Isabel on Chesapeake Bay Phytoplankton Dynamics <i>W.D. Miller, L.W. Harding, Jr., and J.E. Adolf</i> .....	155
Phytoplankton Community Dynamics in Maryland’s Tidewaters in Response to Hurricane Isabel <i>P. Tango, W. Butler, M. Trice, and C. Heyer</i> .....	161
Dissecting and Classifying the Impacts of Historic Hurricanes on Estuarine Systems <i>J.C. Stevenson and M.S. Kearney</i> .....	167
Effect of Timing of Extreme Storms on Chesapeake Bay Submerged Aquatic Vegetation <i>P. Wang and L.C. Linker</i> .....	177
Effects of Hurricanes on Atlantic Croaker ( <i>Micropogonias undulatus</i> ) Recruitment to Chesapeake Bay <i>M.M. Montane and H.M. Austin</i> .....	185
Effects of Hurricane Isabel on Fish Populations and Communities in Chesapeake Bay <i>E.D. Houde, J. Bichy, and S. Jung</i> .....	193
Hurricane Isabel and the Forests of the Mid-Atlantic Piedmont and Blue Ridge: Short-term and Long-term Implications <i>D.H. Boucher, C.L. Rodick, J.N. Bailey, J.L. Snitzer, K.L. Kyde, and B. Prudden</i> .....	201
Response of Exotic Invasive Plant Species to Forest Damage Caused by Hurricane Isabel <i>J.L. Snitzer, D.H. Boucher, and K.L. Kyde</i> .....	209
<b>MANAGEMENT, PREPAREDNESS, AND RESPONSE: ISABEL AND FUTURE STORMS</b> .....	215
Integrating Science and Management for Storms and Hurricanes: A Panel Discussion <i>D.F. Boesch</i> .....	217
Management Planning and Policy Conference Sessions <i>Z.P. Johnson and A. Luscher</i> .....	221
Improving Utilization of Geospatial Information in Coastal Hazard Planning in Maryland <i>A. Luscher</i> .....	233
Hurricane Isabel: An Agricultural Perspective <i>R.D. Halman, P.B. King, and G.O. Bowling</i> .....	243
Trees and Their Impact on Electric Reliability During and Following Tropical Storm Isabel <i>M.F. Galvin</i> .....	249
Using Forecasts to Protect Federal Facilities in the Path of Hurricane Isabel <i>J.J. Govoni and F.G. Kern</i> .....	255
<b>INDEX</b> .....	259
