

Maryland Fish Consumption Advisories

- Bay-wide fish consumption advisories
- Advisories range from “no consumption” to “8 meals per month”
- Primary driver for Bay advisories is PCBs

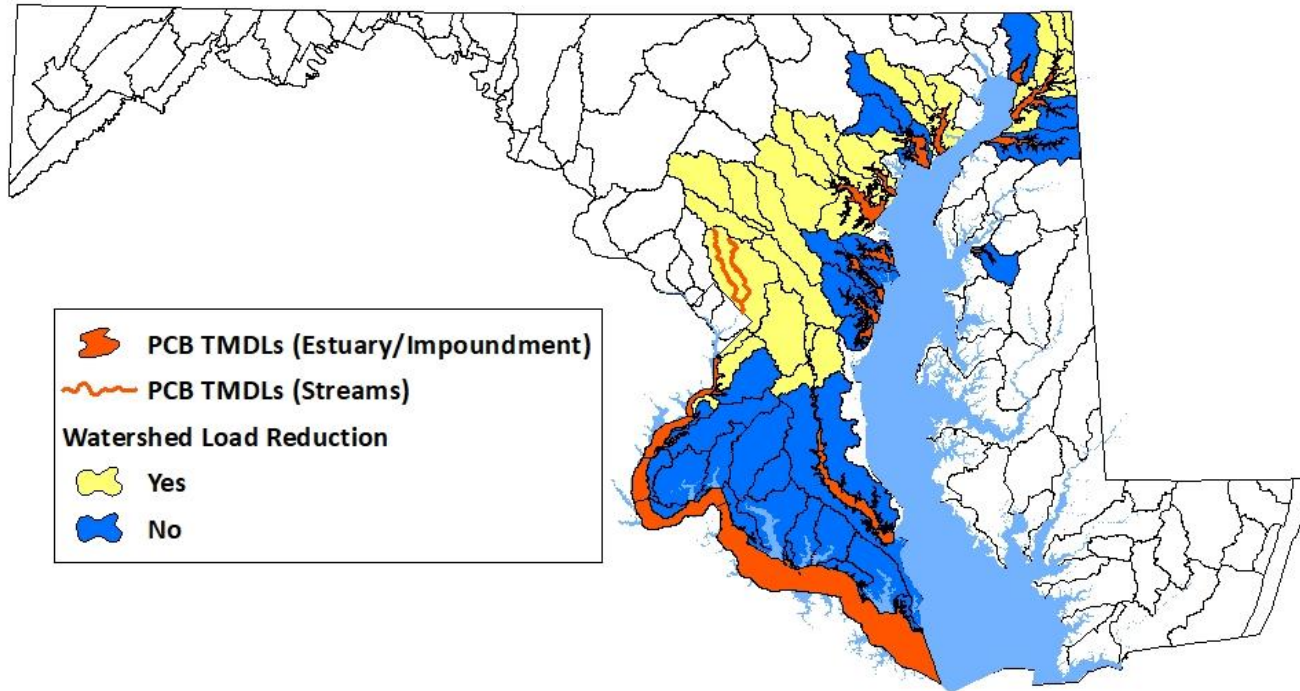

Maryland PCB Impairment Listings

- Fish consumption advisories of “4 meals per month” and below result in an impairment listing
- Listings are for non-migratory fish

Maryland PCB TMDLs

Maryland PCB TMDL Implementation:

- MS4 PCB TMDL Implementation Plans
- Removal effectiveness of BMPs
- Innovative BMPs to enhance PCB removal
