

Virginia – Overview of issues and mitigation Efforts

May 22, 2019

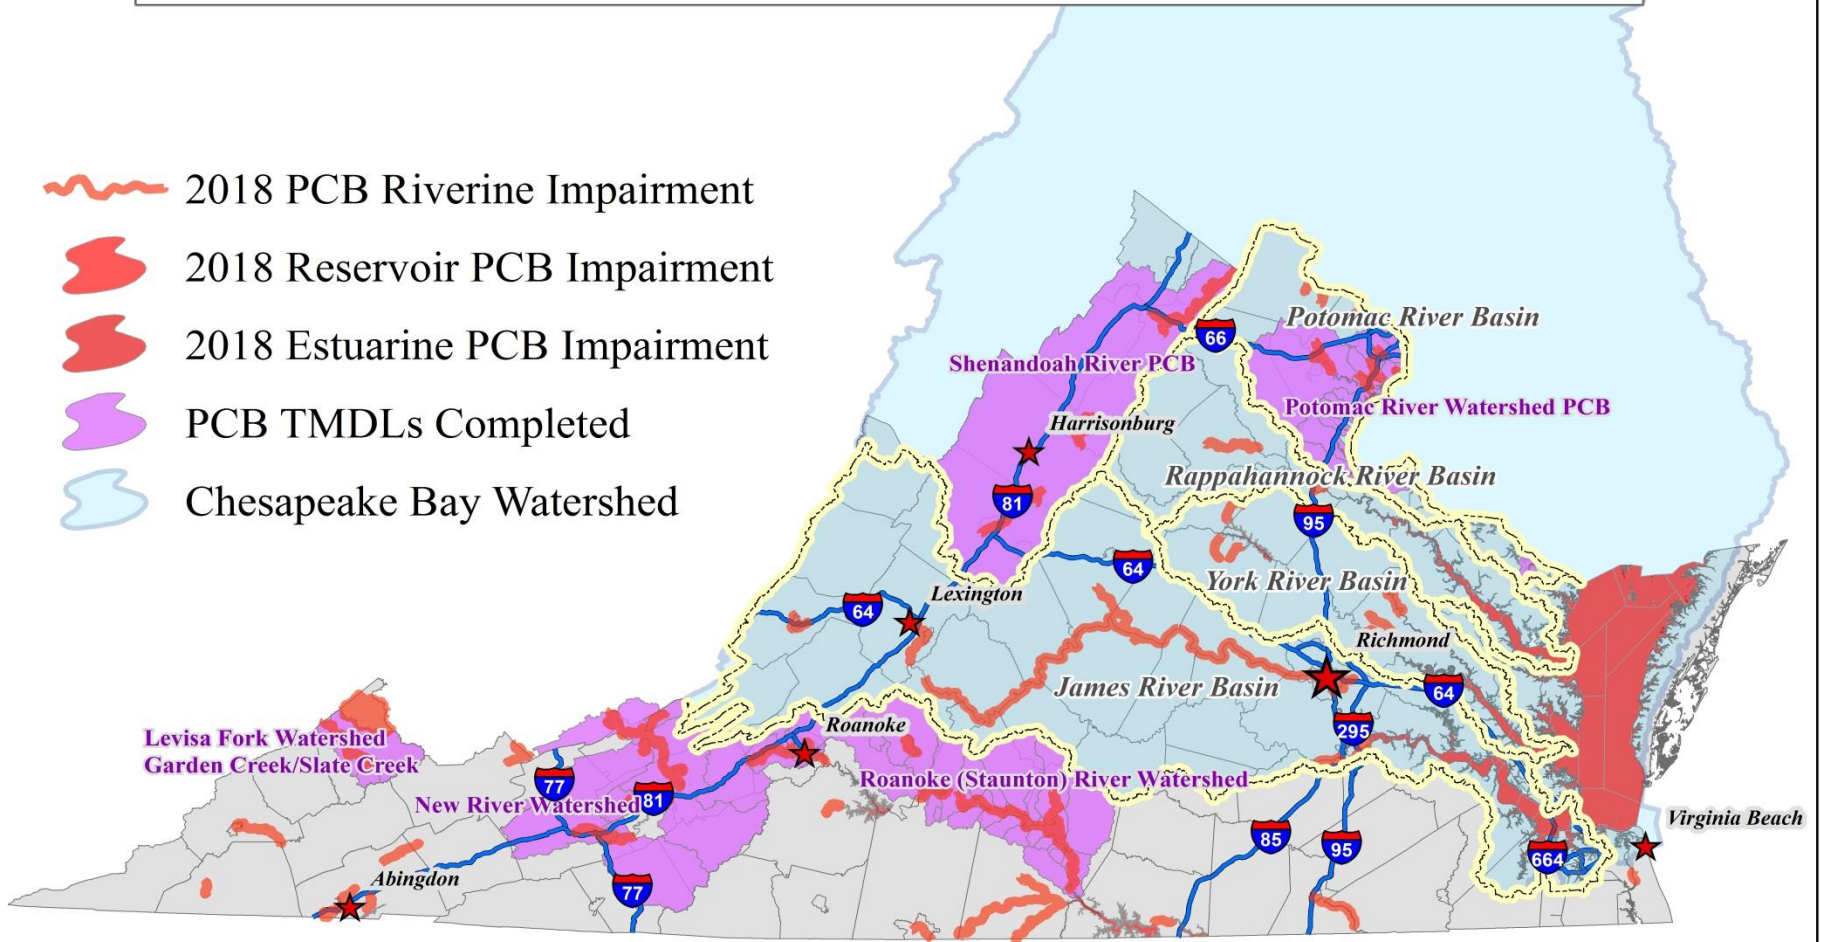

Mark Richards

Office of Watershed Programs

PCB TMDL Watersheds and Impairments

-  2018 PCB Riverine Impairment
-  2018 Reservoir PCB Impairment
-  2018 Estuarine PCB Impairment
-  PCB TMDLs Completed
-  Chesapeake Bay Watershed

Current Approaches to Mitigate Contaminants

- Develop TMDLs to address impaired waterbodies
- Actively use NPDES Program (WLA)
 - (Pollutant Minimization Plans – PMPs)
 - Individual permits (Industrial, Municipal)
 - Industrial Storm Water General Permits
 - MS4s

Opportunities to use Sediment and Nutrient Reduction Efforts
